Advertising Rates

Advertise on the mall and join the other businesses benefiting from being on the 3D mall.

The E Banc Trade Virtual Mall will promote member businesses that trade at a minimum of 50%. They will be required to remain on the mall and operate at 50% trade for a minimum of 6 months, and for a further month after ceasing to advertise on the mall, they will be required to continue to offer 50% trade.

The purpose of restricting the mall to 50% trade is to provide a facility that will streamline accessing traders with substantial trade percentages. Traders who offer 80% trade and above will be advertised free of charge for the first year and their trade percentage will be displayed above their shopfront.

To advertise a business on the mall, we will need finished artwork in web format, or suitable images. Hard copy of brochure or business card will suffice if electronic images are not available.
