# The Trade Advantage

## A Typical Business

Total Turnover / Month ..... £ 20,000 £ .....

Less Total Costs / Month ..... £ 16,000 £ .....

Current Business Profit / Month ..... £ 4,000 £ .....

## Ask Yourself

Am I in business to make money? ..... YES or NO

How can I improve my profits?

1. Join E Banc Trade
2. Trade with Members who are looking for your goods and services at 50% cash and 50% trade (example only - trade component negotiable in all transactions)
3. Use your trade pounds to pay business costs eg. phone, accountant, car repairs, etc.

What could happen if E Banc Trade members increase my turnover by 10%

Turnover	Cash	Trade
Current ..... £ 20,000		
Plus NEW E Banc Member Business at 50% cash and 50% trade ..... £ 1,000	£ 1,000	£ 1,000
New Total Turnover ..... £ 21,000	£ 21,000	£ 1,000
Less Current Cost £16,000 plus £500 ( £500 = raw cost on new trade business )	£ 16,500	
Total Profit ..... £ 4,500		£ 4,500
Plus cash advantage using trade dollars to pay accounts instead of cash ..... £ 500	£ 500	£ 500
Increased Cash / Profit ..... £5,000		£ 500

On this simple example, if this was your business there is now £1000 extra in cash and £500 in E Banc Trade pounds to improve your lifestyle.

Would this £1500 make you smile?
