E Planet TRADE

Date: ………………………………

Request for Conversion

As discussed I/we request you to convert   of my/our   Trade Ringgit as opening deposit into a new E Planet Trade account. I/We agree that spend-down of these trade will incur a 4.5% cash fee. I/We am/are aware that these fees may vary from the cost of spending other trade Ringgit and that these funds will be quarantined in a separate account for this reason. I/We further agree and acknowledge that you may from time to time place reasonable restrictions on the use of this account to prevent loss of confidence in the exchange. Converted Ringgit may only be used for real estate transactions unless otherwise authorised.

I/We agree to pay a cash fee of 5% on conversion and that until that fee has been paid the conversion will not proceed. I/We further agree that in the event of the converted trade Ringgit being declined on presentation by E Planet Trade then E Planet Trade may freeze the new account until the funds have cleared (this provision will only apply where the Ringgit being converted are from a trade exchange which is still operational).

I/We agree and undertake to keep and maintain the terms of this request and the matter of the conversion absolutely confidential except as required by law or for the purposes of legal and accounting advice.

The arrangement will constitute a legally binding arrangement on your endorsing your acceptance on this letter and returning a copy to Head Office, E Planet Trade Malaysia, and not otherwise.
